Public web pages

The image shows a screenshot of a web browser displaying the PRIMavera website. The browser's address bar shows the URL <https://www.primavera-h2020.eu>. The website header features the European Union flag and the PRIMavera logo. Below the header is a navigation menu with links: HOME, ABOUT, BLOG, GALLERY, CONTACT, JOBS, PUBLICATIONS, WORKING PAGES, and EVENTS. A mind map is overlaid on the website content, centered on the node "Public web pages". The mind map branches out into several nodes: "Content can be drafted and considered by other project members before being made publicly available", "All project members should get an account", "All PU deliverables will be accessible", "All papers and associated materials", "OPEN SOURCE languages", "Where we will be presenting...", "Announcements", "Content: Paul vdL", "Tech support Ag & Me", "Simple Mezzanine CMS", and "Provided and supported by STFC". The mind map also includes a central node: "Post anything and everything that can/should be communicated to the outside world".
